- Paul Staby, W0EZN will be bringing in a wire HF antenna that we will string up during September's meeting. It will allow us to dabble in HF and put on some demonstrations of different modes.
- Jess Carmon, KD0MLS will be putting on a Packet demonstration during September's meeting. This will be a great time to get a taste for a common mode used during the events we volunteer for.
- We will be looking for someone to put on a presentation for October's meeting. If you have a topic in mind, please don't hesitate to volunteer. Topics need not be radio related. Share your knowledge!
- Be sure to keep an eye on the club website for updates on the "For Sale" page. If you would like to list an item for sale, please contact Carol at jclewin114@aol.com
