

Durango Amateur Radio Club

4-14-21 19:00

Regular Club Meeting

Board Attendance: Mike Hawkins AD0EV, John Kastak N9NLC, David Bygel KD0WWT

Total Meeting Attendance: 11

Quorum Present: Yes

New appointed position of PUBLIC SERVICE LIASON. This will morph into a focused committee as it grows - similar to Community Event Committee, Social Committee, etc.

David Bygel, KD0WWT put forward the nomination of John Kastak N9NLC, and Terry Bacon K9KOA seconded. Only one opposed. Motion passed.

John is our Public Service Liaison. Should external EMER type organizations enter our space - John is the conduit to the club. Right now, we don't have much to offer - few are ICS qualified. Should members desire these certifications; we can facilitate their learning, certification (all free / FEMA) and potential deployment.

Other Topics - general discussion of

1. Iron Horse - ask club for volunteers along w specific mile marker requests; give list to Paul.
2. Hard Rock - Steve B, volunteer direct on site - make sure specify Radio Communications.
3. Silverton Ultra Dirty - Chris is putting this together - he needs the first 5 points covered as it begins near CO Trailhead someplace - those positions will then 'move' to a forward position (ex. Engineer Trailhead - is that right:)

Treasurer Report: Close to \$5000 in the bank.

Mike Hawkins, AD0EV: Moves to adjourn meeting, seconded by David Bygel KD0WWT, approved by majority.

20:00
