19:05 –Trustee Report: John, N0GIO, - Things to be considering:

FS fees in the event that the proposed bill passes. Considering new locations for our repeaters if so.

19:23 – New Business: Jess W5AJP: Linking repeaters? John, N0GIO: Wait until summer to ensure we can access Eagle if we lose control.

-Weekly net discussed: Jess W5AJP will begin the weekly net for Wednesday nights at 19:00 every week except for the second week of each month when we have club meetings. He will be assisted in net control duties by volunteers.

19:40- Events: Hardrock-July 15

Field day: June 25-26. Randy W4IFI will be organizing. Location most likely will be Ewing Mesa. We will be considering changing the date of our VE testing session for that same weekend to allow people to attend both.

19:53- Program: Jeff, NX1V gave us a wonderful presentation on the different sounds/digital modes we may come across as we scan the airwaves. Thanks Jeff!
